NOTICE OF STUDY COMMENCEMENT

**Highway 6 (Hanlon Expressway) Improvements from
 South of Maltby Road to the Speed River, Guelph
 GWP 3002-05-00**

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of the Hanlon Expressway from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph, the Township of Puslinch, and Wellington County, as shown on the map below.

Highway 6 (the Hanlon Expressway) is a major provincial facility. The purpose of this study is to upgrade the expressway to a fully-controlled access freeway between the Speed River and 0.5 kilometres south of Maltby Road, with access restricted to interchange locations only.

The study includes:

- Carrying out engineering and environmental field investigations;
- Developing interchange and access alternatives for College Avenue, Stone Road, Kortright Road, Laird Road, Clair Road and Maltby Road;
- Seeking input from the public, property owners, local municipalities, external ministries/agencies and businesses;
- Evaluating the interchange and access alternatives;
- Identifying a recommended plan for an access-controlled Highway 6, including sideroad connections and grade separations;
- Developing an implementation strategy;
- Preliminary design and environmental mitigation to facilitate the proposed improvements;
- Conducting an Environmental Assessment under MTO's Class EA process to obtain environmental approval for the recommended alternative(s).

THE PROCESS

The project is a Group "B" project under the Class Environmental Assessment for Provincial Transportation Facilities (2000) with the opportunity for public input throughout. Upon completion of the study, a Transportation Environmental Study Report (TESR) will be available for public review and comment.

This notice is to initiate the environmental assessment process for this project and to obtain preliminary comments from agencies, stakeholders, and the public. You are invited to submit comments or questions to the project team until Friday, March 16, 2007.

A project website has been established at www.hanlonimprovements.ca. The Project Team encourages you to visit the website to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

Two Public Information Centres (PICs) will be held during the study. The first PIC will be held in the spring of 2007 and will provide opportunities to review the evaluation criteria and alternatives for access to Highway 6. The second PIC will provide the public with an opportunity to comment on the preferred plan and the preliminary design recommendations. Notices will be placed on the project website (www.hanlonimprovements.ca) and in this newspaper prior to each PIC.

COMMENTS

If you wish to comment on this project, have your name added to the project mailing list or have any questions regarding the study, please visit the project website or contact one of the following project team members:

NOTICE OF PUBLIC INFORMATION CENTRE

Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the Speed River, Guelph GWP 3002-05-00

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of the Hanlon Expressway from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph, the Township of Puslinch, and Wellington County, as shown on the map below. This notice is to announce the first Public Information Centre (PIC).

Highway 6 (the Hanlon Expressway) is a major provincial facility. The purpose of this study is to upgrade the expressway to a fully-controlled access freeway between the Speed River and 0.5 kilometres south of Maltby Road, with access restricted to Interchange locations only.

The purpose of the Public Information Centre is to:

- Display and seek input on interchange and access alternatives for College Avenue, Stone Road, Kortright Road, Laird Road, Clair Road and Maltby Road;
- Display and seek input on the environmental conditions in the study area (i.e. natural, social, economic and cultural);
- Seek input on the evaluation criteria and process to be used to identify a preferred plan; and
- Answer questions about the study.

The Public Information Centre is scheduled for:

Thursday, May 10, 2007
At the Holiday Inn, Oakwood B Ballroom
601 Scottsdale Drive, Guelph
4:00 p.m. to 8:00 p.m.

THE PROCESS

The project is a Group "B" project under the Class Environmental Assessment for Provincial Transportation Facilities (2000) with the opportunity for public input throughout. Upon completion of the study, a Transportation Environmental Study Report (TESR) will be available for public review and comment.

A second PIC is scheduled for the fall of 2007 and will provide the public with an opportunity to comment on the preferred improvements and preliminary design recommendations. A notice will be placed in the newspaper and on the project website (www.hanlonimprovements.ca) prior to the PIC.

The Project Team encourages you to visit the website to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

Attention: Ms. Jo-Ann Greene, Lands and Resources Manager

Dear Ms. Greene:

**Reference: Notice of Public Information Centre (PIC) 1
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road
to the Speed River (GWP 3002-05-00)**

I am writing to invite you to the first Public Information Centre (PIC) for the planning, preliminary design, and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 kilometres south of Maltby Road to the Speed River. The notice of the first PIC is attached.

External agencies and municipal staff are invited to attend an External Agency meeting on **Thursday, May 10, 2007 at the Holiday Inn, 601 Scottsdale Drive, Guelph, from 3:00 PM to 4:00 PM**. The meeting will occur in advance of the general public sessions that will be held from 4:00 PM to 8:00 PM. This will provide you with an opportunity to review the project alternatives, provide comments, and address questions or concerns directly with representatives of the project team.

If you have any questions, you may contact either the undersigned or one of the Project Managers named in the enclosed material.

Sincerely,

STANTEC CONSULTING LTD.

NOTICE OF PUBLIC INFORMATION CENTRE #2
Highway 6 (Hanlon Expressway) Improvements from
South of Maltby Road to the Speed River, Guelph
GWP 3002-05-00

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of the Hanlon Expressway from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph and the Township of Puslinch, within Wellington County, as shown on the map below.

Highway 6 (the Hanlon Expressway) is a major provincial facility. The purpose of this study is to develop a Preliminary Design Plan to upgrade the Hanlon Expressway from south of Maltby Road to the Speed River, to a freeway with access restricted to interchange locations only.

The purpose of the PIC is to:

- Present and discuss the Preferred Plan, which includes an interchange at Laird Road, a partial interchange at Kortright Road, an interchange at Stone Road, and a grade-separation at College Avenue;
- Seek input on the Preferred Plan; and
- Answer questions about the study.

The PIC is scheduled for:

Wednesday, December 5, 2007
At the Holiday Inn, Oakwood Ballroom
 601 Scottsdale Drive, Guelph (see map above)
4:00 PM to 8:00 PM

THE PROCESS

This study is a "Group B" project under the Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000). A Transportation Environmental Study Report (TESR) will be prepared and made available for public review and comment in the spring of 2008. A notice will be placed in this newspaper at that time.

The Project Team encourages you to visit the website at www.hanlonimprovements.ca to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

COMMENTS

If you wish to comment on this project, have your name added to the project mailing list or have any questions regarding the study, please visit the project website or contact one of the following project team members:

Dear Ms. Sandals:

**Reference: Notice of Public Information Centre (PIC) # 2
Highway 6 (Hanlon Expressway) Improvements
from South of Maltby Road to the Speed River (GWP 3002-05-00)**

I am writing to advise you of the second Public Information Centre (PIC) for the planning, preliminary design and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 km south of Maltby Road to the Speed River. Please see the attached PIC notice which will appear in the Guelph Mercury, Guelph Tribune and the Wellington Advertiser over the next two weeks. The purpose of the PIC is to present and discuss the Preferred Plan, seek input on the Preferred Plan and answer questions about the study.

You are invited to attend an **External Agency Drop-in Session on Wednesday, December 5, 2007** at the **Holiday Inn, 601 Scottsdale Drive, Guelph from 2:00 PM to 3:00 PM**. This session is in advance of the general public session that will be held on the same day from 4:00 PM. to 8:00 PM. This will provide you with an opportunity to preview the Preferred Plan, provide comments, and address questions or concerns with representatives of the project team.

Please be advised that City of Guelph Council is being invited to a Council Information Session on the same day from 11:00 AM to 1:00 PM.

If you have any questions prior to the PIC, please contact the undersigned or Mr. Brian Goudeseune, Senior Project Manager, Ministry of Transportation (contact information provided on attached notice).

Sincerely,

**Attention: Mr. Brian LeForme
Chief**

Dear Mr. LeForme:

**Reference: Notice of Public Information Centre (PIC) # 2
Highway 6 (Hanlon Expressway) Improvements
from South of Maltby Road to the Speed River (GWP 3002-05-00)**

I am writing to advise you of the second Public Information Centre (PIC) for the planning, preliminary design and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 km south of Maltby Road to the Speed River (please see attached notice). The purpose of the PIC is to present and discuss the Preferred Plan, seek input on the Preferred Plan, and answer questions about the study.

You are invited to attend an **External Agency Drop-in Session on Wednesday, December 5, 2007** at the **Holiday Inn, 601 Scottsdale Drive, Guelph from 2:00 PM to 3:00 PM**. This session is in advance of the general public session, which will be held on the same day from 4:00 PM to 8:00 PM. This will provide you with an opportunity to preview the Preferred Plan, provide comments and address questions or concerns with representatives of the project team.

If you have any questions prior to the PIC, please contact the undersigned or Mr. Brian Goudeseune, Senior Project Manager, Ministry of Transportation (contact information provided on attached notice).

Letter to Impacted Property Owners – Property Purchases

Dear Property Owner:

**Reference: Notice of Public Information Centre (PIC) # 2
Highway 6 (Hanlon Expressway) Improvements
from South of Maltby Road to the Speed River (GWP 3002-05-00)**

I am writing to advise you of the second Public Information Centre (PIC) for the planning, preliminary design and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 km south of Maltby Road to the Speed River (please see attached notice). The purpose of the PIC is to present and discuss the Preferred Plan, seek input on the Preferred Plan and answer questions about the study.

I am also writing to notify you that the Preferred Plan will require the purchase of your property, located at «Prop_Address».

You are invited to attend a **Property Owners Drop-in Session on Wednesday, December 5, 2007**, at the **Holiday Inn, 601 Scottsdale Drive, Guelph**, from **3:00 PM to 4:00 PM**. This session is in advance of the general public session that will be held on the same day and at the same location from **4:00 PM to 8:00 PM**. **Plans detailing the predicted impacts and property requirements will be available for viewing**. This will provide you with an opportunity to preview the Preferred Plan, provide comments, and address questions or concerns with representatives of the project team. A member of the project team would also be able to meet with you between **4:00 PM and 8:00 PM**.

Please plan to attend either the Property Owners Drop-in Session or the PIC to discuss the Preferred Plan and how it impacts your property with members of the project team. If you are unable to attend either of these sessions, please contact the undersigned or Mr. Brian Goudeseune, Senior Project Manager, Ministry of Transportation (contact information provided on attached notice).

Sincerely,

Community Workshop – Briefing Package**

Thank you for agreeing to participate in the Highway 6 (Hanlon Expressway) Community Workshop. As a member of the group, you will be participating with representatives from the adjacent residential neighbourhoods, various interest groups and agencies to collaborate with the MTO, the City and the consultants in a focused workshop setting.

The Ministry of Transportation has retained Ms. Donna Hinde of the Planning Partnership to coordinate and facilitate the workshop. You have already been contacted by Ms. Hinde and we would encourage you to correspond with her as your main contact for details regarding the timing and location of the workshop events. She can be contacted at 416-975-1556 (extension 224) or dhinde@planpart.ca.

The Community Workshop will include three events: a kick-off meeting to provide background information and to define the context of the workshop event; a full-day workshop to discuss and develop possible solutions to local issues associated with the current Preferred Plan; and a follow-up meeting to present the results of the workshop and to discuss the next stages of the study. The schedule of workshop events is provided below.

Date/Time	Event	Location
Thursday, May 1, 2008 5:30 PM – 9:00 PM	Kick-off Meeting	Holiday Inn, Trillium Room 601 Scottsdale Drive, Guelph
Saturday, May 3, 2008 9:00 AM – 4:00 PM	Community Workshop	Guelph Place Banquet Hall 492 Michener Road, Guelph
Tuesday, May 13, 2008 6:00 PM – 8:30 PM	Follow-up Session	Holiday Inn, Galt Room 601 Scottsdale Drive, Guelph

We have enclosed a Briefing Package that contains relevant background information that will help you to prepare for your contribution at the Community Workshop. You are encouraged to review this information in advance of the kick-off meeting on May 1, 2008. We acknowledge that there is a lot of information in the Briefing Package. The specialists making presentations at the kick-off meeting will guide you through the information that is enclosed through structured presentations and will be available to answer any specific questions that you may have.

NOTICE OF PUBLIC INFORMATION CENTRE # 3
Highway 6 (Hanlon Expressway) Improvements
from South of Maltby Road to the Speed River, Guelph
GWP 3002-05-00

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of Highway 6 (the Hanlon Expressway) from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph and the Township of Puslinch, within Wellington County, as shown on the map below.

A Preferred Plan for the project was presented to the public at a Public Information Centre (PIC) in December 2007. Following the PIC a Community Workshop was held to address local issues associated with the Preferred Plan. The workshop included table-group discussions between agencies, city council, the general public and project staff in order to develop alternative solutions to the Preferred Plan. The alternatives that have been developed are within the North study area, between Kortright Road and College Avenue. No changes are proposed to the Preferred Plan between Maltby Road and Laird Road.

The purpose of the third PIC is to:

- Display and seek input on interchange and access alternatives for College Avenue, Stone Road, and Kortright Road
- Seek input on the evaluation criteria to be used to identify a Preferred Plan
- Present the Preferred Plan for Laird Road, Maltby Road, and Clair Road
- Answer questions about the study

The PIC is scheduled for:

Wednesday, June 18, 2008
 At the Holiday Inn, Oakwood Ballroom
 601 Scottsdale Drive, Guelph
 4:00 p.m. to 8:00 p.m.

THE PROCESS

This study is a "Group B" project under the Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000). A Transportation Environmental Study Report (TESR) will be prepared and made available for public review at the end of the study.

A fourth PIC will be scheduled for the fall of 2008 to provide the public with an opportunity to comment on the preferred improvements and preliminary design recommendations. A notice will be placed in the newspaper and on the project website (www.hanlonimprovements.ca) prior to the PIC.

The Project Team encourages you to visit the website at www.hanlonimprovements.ca to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

COMMENTS

If you wish to comment on this project, have your name added to the project mailing list or have any questions regarding the study, please visit the project website or contact one of the following project team members:

Mr. Gregg Cooke, P. Eng. NOTICE OF PUBLIC INFORMATION CENTRE # 3
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the
Speed River, Guelph (GWP 3002-05-00)

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of Highway 6 (the Hanlon Expressway) from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph and the Township of Puslinch, within Wellington County, as shown on the map.

A Preferred Plan for the project was presented to the public at a Public Information Centre (PIC) in December 2007. Following the PIC a Community Workshop was held to address local issues associated with the Preferred Plan. The workshop included table-group discussions between agencies, city council, the general public and project staff in order to develop alternative solutions to the Preferred Plan. The alternatives that have been developed are within the North study area, between Kortright Road and College Avenue. No changes are proposed to the Preferred Plan between Maltby Road and Laird Road.

The purpose of the third PIC is to:

- Display and seek input on interchange and access alternatives for College Avenue, Stone Road, and Kortright Road
- Seek input on the evaluation criteria to be used to identify a Preferred Plan
- Present the Preferred Plan for Laird Road, Maltby Road, and Clair Road
- Answer questions about the study

The PIC is scheduled for:

Wednesday, June 18, 2008
At the Holiday Inn, Oakwood Ballroom
 601 Scottsdale Drive, Guelph
 4:00 PM to 8:00 PM

THE PROCESS

This study is a "Group B" project under the Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000). A Transportation Environmental Study Report (TESR) will be prepared and made available for public review at the end of the study.

A fourth PIC will be scheduled for the fall of 2008 to provide the public with an opportunity to comment on the preferred improvements and preliminary design recommendations. A notice will be placed in the newspaper and on the project website (www.hanlonimprovements.ca) prior to the PIC.

The Project Team encourages you to visit the website at www.hanlonimprovements.ca to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

COMMENTS

Dear Ms. Sandals:

**Reference: Notice of Public Information Centre (PIC) # 3
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the
Speed River (GWP 3002-05-00)**

As you are aware, Stantec Consulting Ltd. is carrying out a Planning, Preliminary Design, and Environmental Assessment Study for the upgrading of Highway 6 (the Hanlon Expressway) from Maltby Road to the Speed River.

A Preferred Plan for the project was presented to the public at a Public Information Centre (PIC) in December 2007. Following the PIC, residents and the City of Guelph requested that MTO hold a Community Workshop to address local issues associated with the Preferred Plan. The Workshop sessions were held in May 2008.

This letter is to advise you of the third Public Information Centre for this project. The purpose of the PIC will be to display and seek input on interchange and access alternatives developed by the workshop participants and the project team for the portion of the study area between Kortright Road and College Avenue.

You are invited to attend the **External Agency Drop-in Session on Wednesday, June 18, 2008 at the Holiday Inn, 601 Scottsdale Drive, Guelph from 3:00 PM to 4:00 PM**. This session is in advance of the general public session that will be held on the same day from 4:00 PM to 8:00 PM. This will provide you with an opportunity to review the new project alternatives, provide comments and address questions or concerns with representatives of the project team.

If you have any questions prior to the PIC, please contact the undersigned or one of the project managers identified on the attached notice.

Sincerely,

STANTEC CONSULTING LTD.

**NOTICE OF
PUBLIC INFORMATION CENTRE # 4
Highway 6 (Hanlon Expressway) Improvements from
South of Maltby Road to the Speed River, Guelph
GWP 3002-05-00**

THE STUDY

Stantec Consulting Ltd. has been retained by the Ministry of Transportation (MTO) to undertake the Planning, Preliminary Design, and Environmental Assessment (EA) for the upgrading of Highway 6 (the Hanlon Expressway) from 0.5 kilometres south of Maltby Road to the Speed River. The study area is in the City of Guelph and the Township of Puslinch, within Wellington County, as shown on the map below.

The purpose of the fourth PIC is to:

- Present the evaluation of North Section Alternatives;
- Present and discuss the Preferred Plan; and
- Answer questions about the study.

The PIC is scheduled for:

Thursday, October 23, 2008
At the Holiday Inn, Oakwood Ballroom
601 Scottsdale Drive, Guelph
4:00 p.m. to 8:00 p.m.

THE PROCESS

This study is a "Group B" project under the Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000). A Transportation Environmental Study Report (TESR) will be prepared and made available for public review at the end of the study. A notice will be placed in the newspaper and on the project website (www.hanlonimprovements.ca) prior to the Public Review Period.

The Project Team encourages you to visit the website at www.hanlonimprovements.ca to obtain additional information. The website will be updated regularly during the study - please visit it often to receive up-to-date project information.

Attention: Guelph-Wellington Constituency Office

Dear Ms. Liz Sandals:

**Reference: Notice of Public Information Centre (PIC) # 4
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the
Speed River (GWP 3002-05-00)**

I am writing to advise you of the fourth Public Information Centre (PIC) for the planning, preliminary design and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 km south of Maltby Road to the Speed River (please see attached notice for additional information). The purpose of the PIC is to present and discuss the Preferred Plan, seek input on the Preferred Plan, and answer questions about the study.

You are invited to attend an **External Agency Drop-in Session on Thursday, October 23, 2008** at the **Holiday Inn, 601 Scottsdale Drive, Guelph** from **3:00 PM to 4:00 PM**. This session is in advance of the general public session that will be held on the same day from 4:00 PM to 8:00 PM. This will provide you with an opportunity to review the Preferred Plan, provide comments, and address questions or concerns with representatives of the project team.

If you have any questions prior to the PIC, please contact the undersigned or one of the project managers identified on the attached notice.

Sincerely,

STANTEC CONSULTING LTD.

Dear Mr. Arnott:

**Reference: Notice of Public Information Centre (PIC) # 4
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the
Speed River (GWP 3002-05-00)**

As you are aware, Stantec Consulting Ltd. is carrying out a Planning, Preliminary Design, and Environmental Assessment Study for the upgrading of Highway 6 (the Hanlon Expressway) from Maltby Road to the Speed River. This letter is to advise you of the fourth Public Information Centre (PIC) for this project. Additional information regarding the PIC is attached.

You are invited to attend an **External Agency Drop-in Session on Thursday, October 23, 2008** at the **Holiday Inn, 601 Scottsdale Drive, Guelph** from **2:00 PM to 3:00 PM**. This session is in advance of the general public session that will be held on the same day from 4:00 PM to 8:00 PM. The project team will be meeting with City of Guelph Councilors earlier in the day.

This will provide you with an opportunity to review the Preferred Plan, provide comments, and address questions or concerns with representatives of the project team. Please contact Mr. Rob Bakalarczyk, MTO Project Manager at (519) 873-4602 if you would like a briefing in advance of the PIC.

If you have any questions prior to the PIC, please contact the undersigned or one of the project managers identified on the attached notice.

Sincerely,

This session is in advance of the general public session that will be held on the same day from 4:00 PM to 8:00 PM. This will provide you with an opportunity to review the Preferred Plan, provide comments, and address questions or concerns with representatives of the project team.

If you have any questions prior to the PIC, please contact the undersigned or one of the project managers identified on the attached notice.

Sincerely,

STANTEC CONSULTING LTD.

Letter sent to directly impacted property owners.

October 5, 2008
File: 1650.00631

Dear Property Owner:

Reference: Notice of Public Information Centre (PIC) # 4
Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the Speed River (GWP 3002-05-00)

I am writing to advise you of the fourth Public Information Centre (PIC) for the planning, preliminary design and environmental assessment study for the upgrading of Highway 6 (Hanlon Expressway) from 0.5 km south of Maltby Road to the Speed River (please see attached notice for additional information). The purpose of the PIC is to present and discuss the Preferred Plan, seek input on the Preferred Plan, and answer questions about the study.

The purpose of this letter is to advise you that the Preferred Plan that will be displayed has direct (whole purchase) impacts to your property, located at «Prop_Address».

Please note that this notice is only to indicate that there are potential impacts to your property. Final property requirements will be confirmed in the final Transportation Environmental Study Report (TESR). Property requirements are not finalized until Environmental Clearance is obtained following a 30-day TESR Public Review period.

A Public Information Centre has been scheduled for this project on Thursday, October 23, 2008 at the Holiday Inn, 601 Scottsdale Drive, Guelph, from 4:00 PM to 8:00 PM. Plans detailing the predicted impacts and property requirements will be available for viewing. A separate room has been reserved to provide a location where you can have one-on-one discussions with members of the project team or a representative from the MTO Property Section. We will be available for these meetings between 2 PM and 8 PM.

Please plan to attend to discuss the Preferred Plan and impacts to your property with members of the project team. If you are unable to attend either of these sessions, please contact the undersigned or Mr. Rob Bakalarczyk, Project Manager, Ministry of Transportation (contact information provided on attached notice).

Sincerely,

To be hand delivered to residents on Old Colony Trail (all residents backing onto Highway 6, up to the cul-de-sac, and the residents on the section of Woodland Glen adjacent to the YMCA.

Dear Property Owner:

Reference: Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the Speed River (GWP 3002-05-00)

A Public Information Centre (PIC 4) for the above captioned project was held on October 23, 2008 to present the Preferred Plan for Highway 6 (Hanlon Expressway) improvements between Maltby Road and the Speed River. The Preferred Plan includes a service road on the west side of Highway 6 from Downey Road to Stone Road that will provide local access to the proposed Highway 6 interchange at Stone Road. All existing at-grade intersections with Highway 6 will be closed.

A community meeting has been scheduled in response to comments received from landowners adjacent to the proposed service road on Old Colony Trail and Woodland Glen Drive following PIC 4. The meeting has been scheduled for Wednesday, November 19 at the City Council Chambers to discuss the proposed service road. A brief presentation will begin at 7:00 PM, followed by a question and answer period. The project team, your local Councilors, and representatives from City staff will be attending the meeting.

Please contact the undersigned or Mr. Rob Bakalarczyk, Project Manager, Ministry of Transportation at (519) 873-4602 if you are unable to attend the meeting.

Sincerely,

Dear Property Owner:

Reference: Highway 6 (Hanlon Expressway) Improvements from South of Maltby Road to the Speed River (GWP 3002-05-00) Notice of Neighbourhood Meeting

A neighbourhood meeting for the Highway 6 (Hanlon Expressway) Improvements project was held on November 19, 2008 to follow up on local concerns regarding the Preferred Plan's municipal road connection between Downey Road and Stone Road that had been presented at a Public Information Centre (PIC) on October 23, 2008. Our records show that you own property on Old Colony Trail, Woodland Glen Drive, or Trillium Court in the vicinity of the proposed West Service Road.

At the meeting, residents expressed concerns regarding the location and potential impacts of the West Service Road and the project team committed to respond to these concerns.

The purpose of this letter is to invite you to a follow-up meeting to discuss the identified concerns and work that has been carried out since the November neighbourhood meeting. The meeting is scheduled for **Wednesday, February 11, 2009 at the Holiday Inn, 601 Scottsdale Road, in the Trillium Room**. A brief presentation will begin at 7:00 PM, followed by a question and answer period. The project team and representatives from the City will be attending the meeting.

Please contact the undersigned or Mr. Rajan Philips, City of Guelph Manager of Transportation and Development Engineering, at (519) 837-5604 x 2369 if you are unable to attend the meeting or if you require further information.

Sincerely,

STANTEC CONSULTING LTD.
